SUMMARY

With one year of professional experience in software development, I have acquired a solid grasp of fundamental concepts and demonstrated practical proficiency in coding, debugging, and collaborative teamwork within development projects. My familiarity with a diverse range of programming languages, tools, and frameworks is complemented by hands-on experience in real-world applications.

EXPERIENCE

Software Developer

Lanatus Systems 05/2023 - Present Ahmedabad, Gujarat

Key Responsibilities:-

- Experienced in diverse programming languages, frameworks, and content management systems including JavaScript, React, Next, Node.js, Nest.js, Java, Spring Boot, Python, and Django. Contributed to the creation of a comprehensive project management platform catering to team management, auctions, and hotels in close collaboration with a team of skilled designers and developers.
- Demonstrated proficiency in developing and sustaining innovative features and modules for an ed-tech company, employing a range of libraries and frameworks. Adept at effective communication and collaboration with cross-functional teams consisting of engineers, designers, producers, and clients on a weekly basis. Developed and maintained new features and modules for an ed-tech company using variety of libraries and frameworks.

Software Developer Intern

InfoLabz 01/2023 - 05/2023 Ahmedabad, Gujarat

Key Responsibilities:-

- Managed end-to-end development and maintenance of both in-house and client websites, employing a skill set encompassing HTML, CSS, Sass, JavaScript, React, and Python.
- Spearheaded the enhancement of the user interface for an e-commerce platform, leveraging ReactJS, and developed APIs using Python within the Django framework.
- Conducted thorough cross-browser and device testing to ensure seamless functionality, while implementing responsive design principles.
- Proactively optimized website performance through strategic web optimization techniques.

STRENGTHS

💎 Motivated

Dedicated to achieving excellent results with a strong drive and enthusiasm

💎 Clean Code

Skilled at producing well-structured, readable, and maintainable code for efficient software development.

💎 Collaborative Problem-Solving

Demonstrated ability to work effectively with others to identify, analyze, and solve complex problems.

💎 Adaptability

Quickly adjust to new environments, technologies, and team dynamics to deliver high-quality results.

💎 Software Development Skills

Proficient in a diverse range of programming languages, frameworks, and content management systems.

💎 Collaborative Teamwork

Demonstrated experience in effective communication and collaboration with cross-functional teams.

PROJECTS

🔗 Portfolio

As a software developer, I have cultivated a comprehensive portfolio that reflects my proficiency in designing, developing, and optimizing software solutions.

My portfolio encompasses a diverse range of projects, showcasing my expertise in various technologies and programming languages.

SKILLS

Java	Spring Boot	Maven	gradle
microservices	Jdbc	Hibernates	
javascript	React.js	Node.js	
Express.js	Next.js	Python	Django
sqlite	postgresql	mongoDB	
SAP Cloud	Git/Github/Gitlab	Html/Css	
Mui	Bootstrap	DSA	

EDUCATION

Bachelor of Engineering

Government Engineering College,
Gandhinagar

07/2019 - 06/2023

High School Study

P.P. Savani Vidhyabhavan

04/2017 - 03/2019
